

TitanArc 200 Pro

Heavy duty in a mini body.

- Premium welding performance
- Self adaptive arc force, VRD
- Auto-compensation for voltage fluctuation
- High current output and dutycycle
- Lightweight and portable
- Precise lift TIG echnology
- Mains network or generator use

Why TitanArc Welder

Premium welding performance is based on Headux know how knowledge on welding. TitanArc Series are designed to meet the needs of professional welders on mobile usage, with size, weight and welding quality are perfect combined. It is ideal welder for site use, you can use TitanArc welder from mains or generator power supplies. TitanArc welders are easy to carry, so you can take everything you need in a simple way. Auto-compensation for voltage fluctuation and automatic arc force control provide excellent arc stability in all welding positions and for a wide range of electrode types, making sure you have quality welding results all the time. Precise lift TIG ignition ensures high quality DC TIG welding.

Technical Data

	TitanArc 200 Pro
Rated Input Voltage (V)	AC230V±15% 50/60HZ
Rated Input Power (KVA)	9.4
Rated Input Current (A)	42.8
Rated Output	200A/28V
Output Current Range (A)	10~200A
No-load Voltage (A)	75
Duty Cycle I _{max}	35% / 40C
Duty cycle 100%(40C)	120A
Duty cycle 60%(40C)	152A
Efficiency (%)	85
Power Factor	0.70
Protection Class	IP21
Insulation Class	F
Size (mm) Without Handle	351X130X206
Size (mm) With Handle	351X130X250
Weight(Kg)	5.2
